# WHY CHOOSE TREX FENCING?

## STYLE

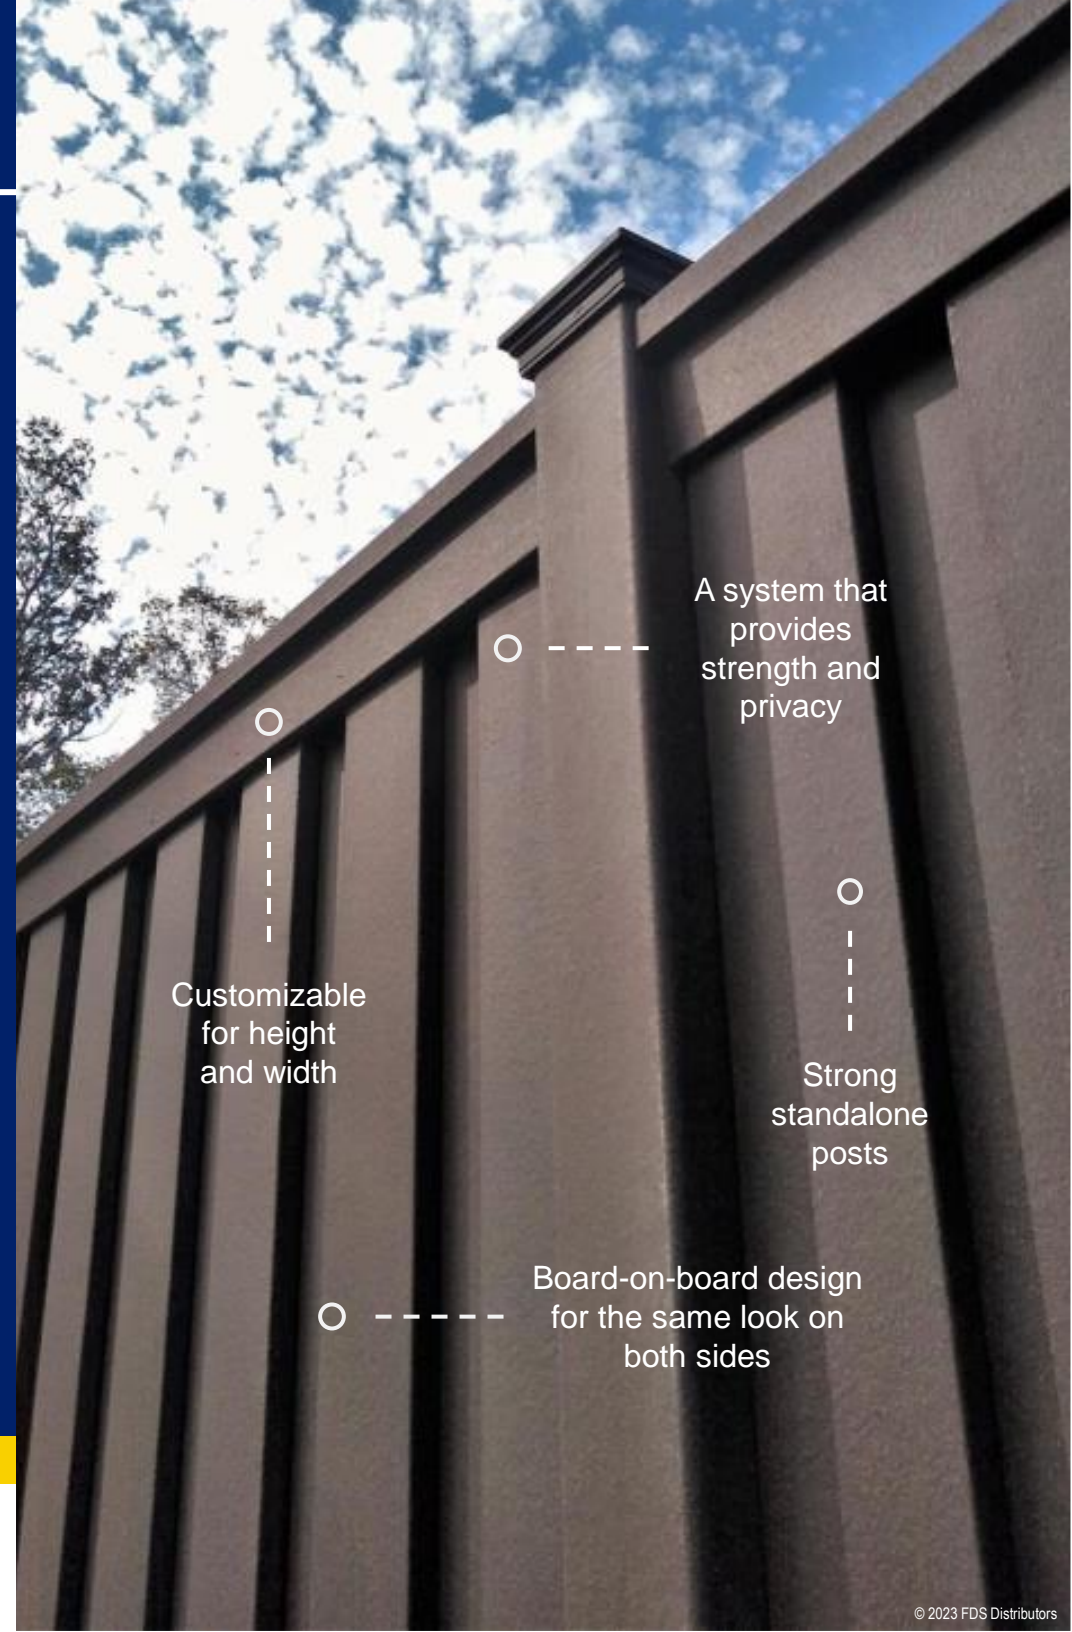

- Showcases an elegant neighbor-friendly, board-on-board design (same look on both sides)
- Adapts to slopes and heights up to 12 feet
- Customizes for various applications (such as Trex posts with ornamental panels or lattice)

## STRENGTH

- Protects with Trex's 25-year residential and 10-year commercial warranties
- Ends rotting, splitting, splintering, and termite damage
- Resists warping
- Withstands hurricane-force winds

## SERENITY

- Provides complete privacy
- Eliminates painting and staining
- Contributes responsibly with 95% recycled materials and green manufacturing

A system that provides strength and privacy

Customizable for height and width

Strong standalone posts

Board-on-board design for the same look on both sides
